

PASSEPARTOUT®

PASSEPARTOUT®

Per raccordo a pilette

To join wastes

Passepartout è in grado di risolvere ogni tipo di collegamento in caso di disassamento tra il foro del lavello e lo scarico a parete o a pavimento. Può raccordarsi ad ogni tipo di piletta e di sifone.

Passepartout is designed to work with any kind of connection between the washbasin and wall or floor drain hole. It can be jointed to every waste or siphon.
